About Company

Established in 1993, Starfood's journey to becoming one of the leading food manufacturers was powered by its stringent measures to improve quality. One of the frontrunners in the roasted sector, Starfoods, within the span of a decade, left its mark on the GCC market with one of its sub brands - Magix. Starfood's Magix rapidly thrived as a company that holds a major share of the market, and won many titles including "The No.1 Sunflower Roasters in GCC." Thanks to its commitment to quality, it now proudly owns the label of "The Market Leaders," with a turnover of Rs. 50 billion. The Starfoods family now consists of more than 100 employees, a 100,000 sq. foot production facility, and has many accreditations and certifications to its name.
